EXPERIENCE

GENERAL ASSEMBLY

BOSTON, MA

Software Engineering Immersive

2019

Completed a 480 hour engineering program culminating with production of SPA and full stack websites using Javascript, Ruby on Rails and React.

ANCIENT ORDER STUDIOS

LOS ANGELES, CA

Studio Manager

2017 - 2019

Managed studio operations and production schedules for several commercial and film campaigns for this full-service stop motion animation studio start up.

- Set up and maintained IT infrastructure and company website.

LIVE NATION ENTERTAINMENT

LOS ANGELES, CA

Project Manager

2014 - 2017

Responsible for defining project scope and requirements, risk mitigation and issue escalation, KPI tracking, daily communication to stakeholders and successful project delivery. Main projects related to migration to the AWS Cloud and the relaunch of the Ticketmaster website as well as the launch of Ticketmaster's resale channel.

- Orchestrated an OS upgrade of all servers in development and production environments, navigating onsale events and multiple service dependencies.
- Implemented rollouts and adoption of all new platform engineering technologies to all teams.
- Guided teams from Waterfall to Agile, Kanban and Lean methodologies.

Associate Project Manager

2012 - 2013

Organized and moderated the Change Advisory Board to ensure company-wide compliance to SDLC release readiness guidelines as well as assisting the Platform team with release deployments.
